

Power Supplies

Connect Power PROeco

Switching power supplies ProEco Product line overview

Industrial design in a metal housing provides minimal interference and is ideal for cooling source.
High efficiency up to 93%.
With high efficiency, minimized dimensions.
Integrated contact for remote signaling of the fault.
Wide range of operating temperatures.
Wide range of input voltage - AC / DC.

You are looking for a reliable power supply with basic functions. With PROeco we can offer you affordable switched-mode power supply units with high efficiency and system capability.

Let's connect.

Particularly in the series production of machines, switched-mode power supply units with above-average performance values can deliver genuine competitive advantages.

The low-cost PROeco series offers all the basic functions and delivers impressively high performance and flexibility.

Our PROeco switched-mode power supply units feature a compact design, high efficiency and are extremely easy to service. Thanks to temperature protection, short-circuit strength and overload resistance, they can be universally used in all applications.

Wide-ranging safety functions and the combinability with our diode and capacitance modules as well as UPS components for setting up a redundant power supply, characterise solutions with PROeco.

Order Number	Name	Input voltage AC	Input voltage DC	Output voltage / current	Dimensions width x height x depth (mm)
1469470000	PRO ECO 72W 24V 3A	85-264 V	80 - 370 V	24V / 3A	34 x 125 x 100
1469480000	PRO ECO 120W 24V 5A	85-264 V	80 - 370 V	24V / 5A	40 x 125 x 100
1469490000	PRO ECO 240W 24V 10A	85-264 V	80 - 370 V	24V / 10A	60 x 125 x 100
1469510000	PRO ECO 480W 24V 20A	85-264 V	80 - 370 V	24V / 20A	100 x 125 x 120
1469520000	PRO ECO 960W 24V 40A	85-264 V	80 - 370 V	24V / 40A	160 x 125 x 120
1469530000	PRO ECO3 120W 24V 5A	3x 340 - 555 V	3x 450 - 870 V	24V / 5A	40 x 125 x 100
1469540000	PRO ECO3 240W 24V 10A	3x 340 - 555 V	3x 450 - 870 V	24V / 10A	60 x 125 x 100
1469550000	PRO ECO3 480W 24V 20A	3x 340 - 555 V	3x 450 - 870 V	24V / 20A	100 x 125 x 120
1469560000	PRO ECO3 960W 24V 40A	3x 340 - 555 V	3x 450 - 870 V	24V / 40A	160 x 125 x 120
1469570000	PRO ECO 72W 12V 6A	85-264 V	80 - 370 V	12V / 6A	34 x 125 x 100
1469580000	PRO ECO 120W 12V 10A	85-264 V	80 - 370 V	12V / 10A	40 x 125 x 100
1469590000	PRO ECO 240W 48V 5A	85-264 V	80 - 370 V	48V / 5A	60 x 125 x 100
1469610000	PRO ECO 480W 48V 10A	85-264 V	80 - 370 V	48V / 10A	100 x 125 x 120
